SUMMARY

UX/UI and Web Designer with an artistic background and experience in website redesign, UI design, and collaboration with developers. I combine visual design with user needs and am currently expanding my technical skills in HTML and CSS.

EXPERIENCE & PROJECTS

Professional Development – HTML & CSS

Self-directed learning | Apr 2026 – Present

- Hands-on learning of HTML and CSS, with a focus on responsive web design.

UX/UI Designer

MIQ Bildung, Berlin | Dec 2025 – Apr 2026

- Redesigned the MIQ Bildung website with a focus on usability and visual consistency.
- Created UI designs and website prototypes in Figma.
- Collaborated closely with a developer from February to April during the WordPress implementation of the website.
- Provided design feedback and UI guidance during development to keep the implementation aligned with the original designs.

UX/UI Designer

Plan Plate – UX Course Project | Dec 2023 – Jan 2024

- Designed a meal-planning app with a user-friendly interface for easy meal customization.
- Conducted surveys, interviews, card sorting and competitive analysis; created designs in Figma and Photoshop.

UX/UI Designer

Flower Florist Dallas – UX Course Project | Aug 2023 – Oct 2023

- Redesigned an online flower shop to improve the shopping and delivery experience.
- Conducted surveys, interviews and heuristic evaluations; created UI designs in Figma and Photoshop.

Theater Actor & Stage Designer

Freelance Theater Projects, Tehran, Iran | Mar 2004 – May 2018

- Developed creative stage concepts, collaborated closely with teams, and applied strong attention to detail.

Marketing & Sales Coordinator

Rooyesh Skin and Hair Clinic, Tehran, Iran | Aug 2013 – Jan 2014

- Supported sales and built strong long-term customer relationship
